TOM RENARD

Senior Frontend Engineer

Berlin, Germany • renard.tom35@gmail.com • tomrenard.netlify.app • github.com/tomrenard

SUMMARY

Senior Frontend Engineer with 6+ years of experience building scalable, high-performance web applications. Expert in React, TypeScript, accessibility, design systems, and performance optimization. Proven track record improving Core Web Vitals, leading large migrations, and delivering user-facing features at scale.

EXPERIENCE

Senior Frontend Engineer — Doodle (Berlin, DE) | Apr 2023 – Present

• Led migration of three production apps to Next.js App Router.

• Collaborated with Product, UX, and Backend to implement complex scheduling features.

• Improved Core Web Vitals by ~40% via bundle analysis and caching.

• Defined frontend architectural standards and design system governance.

• Delivered accessibility improvements (WCAG 2.1 AA).

• Enhanced CI/CD pipelines, Storybook documentation, and local DX.

Frontend Engineer — Aklamio (Berlin, DE) | Jun 2021 – Mar 2023

• Built scalable React/TypeScript apps powering SaaS referral platform.

• Extended internal JS libraries with high test coverage and compatibility.

• Improved API integrations and frontend reliability.

• Reinforced CI workflows and testing automation.

• Contributed to shared component library and UI patterns.

Full Stack / Frontend Engineer — Freelance (Berlin, DE) | Sep 2020 – Sep 2021

• Delivered production-ready React/Next.js applications.

• Built performant UIs with strong SEO and caching strategies.

• Created prototypes in Figma and translated designs to production.

• Deployed and maintained Netlify-hosted applications.
