EXPERIENCES

Senior Frontend Engineer
Doodle, Berlin, DE
Permanent contract
APRIL 2023 TO CURRENT

• Migrated three apps to Next.js App Router, enhancing performance, scalability, and developer experience.
• Improved accessibility across web apps by ensuring WCAG 2.1 AA compliance, including enhancing ARIA roles and keyboard navigation.
• Optimized frontend performance through code-splitting, lazy-loading, image optimization, and caching, improving Lighthouse scores by ~40%.
Collaborated with cross-functional teams (Product, Design, Backend) to improve UX and deliver high-performance features used by millions of monthly users.

Frontend Engineer
Aklamio, Berlin, DE
Permanent contract
JUNE 2021 TO MARCH 2023

• Build and maintain scalable front-end applications of a web-based SaaS platform used by thousands of users daily, hosted on AWS
• Work with Scrum, adhering to best agile practices
• Developing features and products using mainly React.js, TypeScript, and Javascript
• Interact with Backend endpoints via REST APIs powered by Ruby on Rails
• Creating in-house Design System components based on Material-UI using Storybook

Frontend Developer
Acme-Sight, Rennes, FR
Freelance
JAN. 2021 TO JUNE 2021

• Developed, and assisted in the development of web applications using mainly React and Next.js to support external clients
• Worked on performance-related issues and optimized web and mobile pages
• Converted visual designs into HTML, CSS, and React Components

Frontend Developer
Self-employed**,** *Berlin, FR*
Freelance
SEPT. 2020 TO JAN 2021

• Prototyped new ideas, concepts, and designs using Figma
• Developed web applications for small-to-medium companies using React and Gatsby.js and hosted them on Netlify
• Followed SEO best practices
